

How to Stop Sounding Like a Nervous Potato in Technical Interviews

KADENCE AI — Real-Time Vocal Telemetry Shield

The Real-Time Vocal Telemetry Shield that Banishes 'Um', 'Like', & Panic Silences Forever.

Expectation vs. Reality: The Interview Meltdown

■ What Happens 30 Seconds in

- 'Um, so... basically... like... you know...' ■
- Brain reboots like Windows 95 mid-sentence ■
- Speaking at 210 WPM like Eminem ■
- Forgot Result entirely & ended with '...and yeah' ■
- Panic sweating while interviewer stares blankly ■
